Mrs. MARJORIE J. TAMMEN, 21001 Hillgrove Avenue, Maple Heights, Ohio, telephonically advised on April 30, 1953, that her son had disappeared from the campus of Miami University, Oxford, Ohio during the early evening hours of April 19, 1953. He was a student at the university and had departed without his wallet, automobile, additional clothing, draft card or any personal possessions. She advised the local police and the Ohio State Patrol had been notified and requested that a notice be placed in the Missing Persons files of the Bureau.

She stated her son was apparently a victim of amnesia and that the police had not been able to locate any foul play nor was there any evidence indicating that he had gotten into any sort of personal trouble.

He was well-liked at that school and she indicated that his approaching draft did not seem to be of any major concern to him. Mrs. TAMMEN gave the following description for her son:

Age:	20 years	copy of photo filed in 6-5-73 m&L

Dear Sirs:

10

In April 1953 my son Ronald H. Tammen Jr. disappeared from Miami University and to this date no trace of him has ever been found. The Federal Bureau of Investigation entered the case through the Selective Service Act.

I am enclosing a newspaper item from the Cleveland Plain Dealer of October 2, 1967, page 12 which shows a picture of a dog handler and a dog "cooling off". He is attached to the U.S. 173d Airbourne Brigade near Bien Hoa. From the few features I can see of this soldier, I would swear it is my son.

ST-102

I believe this should be checked out to determine if this is or is not my son. The newspaper could tell me that the picture was an Associated Press release but no story or names were with it. I also contacted the Cleveland office of the FBI and it was suggested I write to the Washington office. Each year your office forwards a letter to me requesting to know whether the case should be continued on an active basis.

Details: On 01/14/2008, Special Agent (SA) [redacted] was contacted by [redacted] Walker County Sheriff's Office (WCSO), LaFayette, Georgia, who provided information regarding the initiation of a cold case matter involving the discovery of an unidentified body in LaFayette, Georgia.

The body of an unknown white male was discovered in LaFayette, Georgia, in June, 1953. At that time, the WCSO and the Georgia Bureau of Investigation (GBI) conducted an investigation in an attempt to identify the remains; however, due to significant decomposition and the lack of identification, the identity of the remains were unable to be determined. The remains were interred at the LaFayette City Cemetery.

In January, 2008, the WCSO initiated a cold case matter regarding the above mentioned unidentified remains as links were made to the missing persons case in Oxford, Ohio, of Ronald Henry Tammen. Tammen, a student of the University of Miami at Ohio, Oxford, Ohio, was last seen on 04/19/1953. Tammen is more fully described as follows:

Full Name:	Ronald Henry Tammen, Jr.
Sex:	Male
Race:	White
Height:	5'10"
Weight:	175 pounds

WCSO believes that the remains discovered in LaFayette, Georgia, in July, 1953, are those of Tamm, and is requesting Federal Bureau of Investigation (FBI) assistance with positive identification and investigation. WCSO intends to exhume the above mentioned remains on 02/08/2008 and conduct a forensic autopsy, to include the collection of DNA for comparison to known relatives of Tamm.

In view of the above, it is requested that a Police Cooperation matter be opened and assigned to SA

POLICE COOPERATION

Synopsis: Request closing of captioned Police Cooperation matter.

Details: On 01/14/2008, Special Agent (SA) [redacted] was contacted by [redacted] Walker County Sheriff's Office (WCSO), LaFayette, Georgia, who provided information regarding the initiation of a cold case matter involving the discovery of an unidentified body in LaFayette, Georgia.

The body of an unknown white male was discovered in LaFayette, Georgia, in June, 1953. At that time, the WCSO and the Georgia Bureau of Investigation (GBI) conducted an investigation in an attempt to identify the remains; however, due to significant decomposition and the lack of identification, the identity of the remains were unable to be determined. The remains were interred at the LaFayette City Cemetery.

In January, 2008, the WCSO initiated a cold case matter regarding the above mentioned unidentified remains as links were made to the missing persons case in Oxford, Ohio, of Ronald Henry Tammen. Tammen, a student of the University of Miami at Ohio, Oxford, Ohio, was last seen on 04/19/1953. Tammen is more fully described as follows:

Full Name:	Ronald Henry Tammen, Jr.
Sex:	Male
Race:	White
Height:	5'10"
Weight:	175 pounds
Hair:	Brown
Date of Birth:	07/23/1933
Social Security Account Number:	276-28-2084
Blood Type:	O+ (O positive)

WCSO believes that the remains discovered in LaFayette, Georgia, in July, 1953, are those of Tammen, and is requesting Federal Bureau of Investigation (FBI) assistance with positive identification and investigation. WCSO intends to exhume the above mentioned remains on 02/08/2008 and conduct a forensic autopsy, to include the collection of DNA for comparison to known relatives of Tammen.

To date, no relation to Tammen has been discovered through contacts with the family and review of provided dental records and comparison of same to autopsy reports. No evidence was seized nor obtained by the FBI.

In view of the above, it is requested that captioned matter be closed.
